(Neeraj Surendren)
Sr. ACGDA (IT&S)

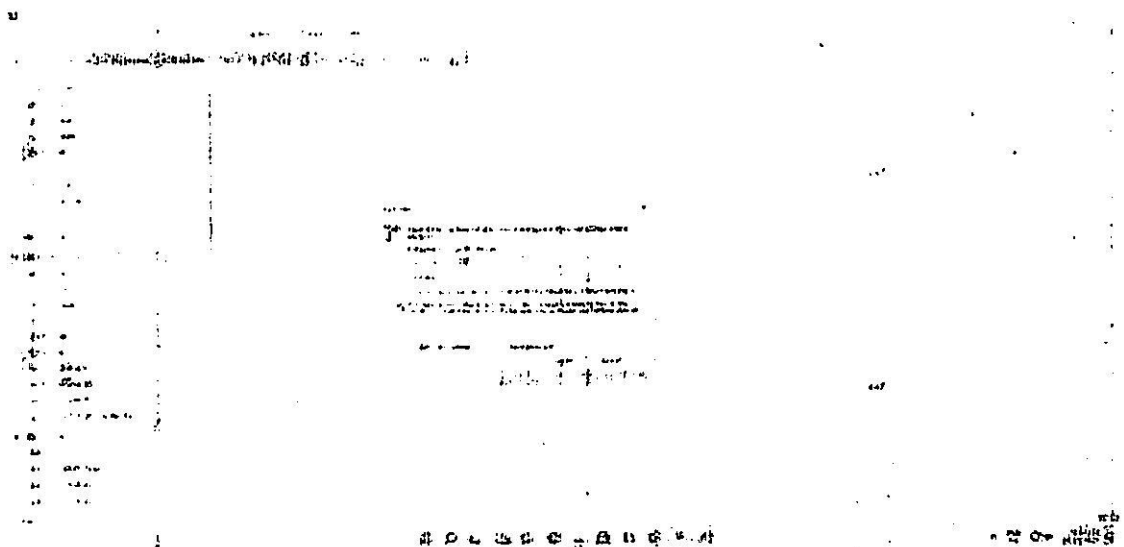

Following instructions are hereby forwarded for successful conduction of online examination for selection of IT Manpower for DAD Pool.

1. The examinations are to be conducted at designated centres for the enrolled candidates only. The entry of candidates in examination centers should be made after proper verification of candidates by suitable id proof at designated center.
2. The Candidates may be instructed to report at the examination center by 10:00 hours on 21.11.2023 and check the system allotted to the beforehand. Any issue reported by candidate regarding systems may be resolved at earliest or he/she may be assigned another system.
3. It should be ensured that the systems have proper Power backup and WAN connectivity during examination period.
4. Mobile phones/Internet connected PCs/devices are not allowed in examination halls.
5. It should be instructed to candidates that after logging in, the browser should not be refreshed at all till final submission of examination. The candidates are advised to check their profiles on ITEE software and update if required.
6. The Systems should be checked for the required Mozilla firefox browser which should have version 106 and above. Systems which are having issues regarding non display of examination or incomplete test screen may be replaced or checked for the same.

7. The supported Browser to perform the online test is "Firefox (version 106)" and above. Before commencement of the exam, it should be ensured by all participants that their browser is compatible with the exam software. In case of any issue with the browser, the upgraded version of browser may be downloaded from address **ftp://10.51.174.198.**

a) To download the same, following steps are to be followed:-

i. Enter IP address into my computer/window explorer
ftp://10.51.174.198.

ii. Enter the Password with same user name i.e. PC1

iii. Click on NOCSOC-FTP folder.

iv. Click on ALL SOFTWARES.

v. Click on fire fox and download the latest version.
